Viewing cable 08TRIPOLI515, LIBYAN LEADER AUTHOR OF HARD LINE ON DETAINED HUMAN RIGHTS

If you are new to these pages, please read an introduction on the [structure of a cable](#) as well as how to [discuss them](#) with others. See also the [FAQs](#)

Understanding cables

Every cable message consists of three parts:

- The top box shows each cable's unique reference number, when and by whom it originally was sent, and what its initial classification was.
- The middle box contains the header information that is associated with the cable. It includes information about the receiver(s) as well as a general subject.
- The bottom box presents the body of the cable. The opening can contain a more specific subject, references to other cables ([browse by origin](#) to find them) or additional comment. This is followed by the main contents of the cable: a summary, a collection of specific topics and a comment section.

To understand the justification used for the classification of each cable, please use this [WikiSource](#) article as reference.

Discussing cables

If you find meaningful or important information in a cable, please link directly to its unique reference number.
